

Want to be the next voice?  
Here's what it takes.

*We know there are plenty of people out there who want to do something concrete to move this region forward.*

*Be part of our Voices 4 Transportation Choices initiative to talk to our decision makers how you want your community to grow.*

# 1. Share your story with your elected official.

- Make an appointment and meet with your local elected official by October 1st.
- Have a conversation about your perspective on land use and transportation choices.
- Discuss and give them PSG's Blueprint for a Better Region.
- Listen to their feedback.
- Invite them to PSG's River City Saunter on October 24th.
- Send your elected official a thank you note for the meeting.

# 2. Tell us how it went.

- Fill out the evaluation form and send it to us by October 1st.
